## Call for Entries for the International and 10th National Welding Competition of Slovenia

As part of the INTERNATIONAL INDUSTRIAL FAIR, Welding Society of Maribor, together with the trade union SKEI Slovenia, the Celje Fair, and the company Daihen Varstroj d.d., is announcing the International and 10th National Welding Competition.

The competition will take place on Wednesday, April 15, 2026, in Celje - at the Celje Fair exhibition grounds.

The competition will consist of two parts:

1. Theoretical part (general knowledge of welding)
2. Practical part
  - MAG welding (135),
  - TIG welding (141), and
  - REO welding (111).

### Each welder may compete in only one process!

All welders who feel sufficiently capable of adequately representing themselves and their company may register for the competition.

You must register by April 3, 2026, at the latest (registrations will be accepted until all available spots are filled), as follows:

- By email to: [varjenje.fs@um.si](mailto:varjenje.fs@um.si)
- By phone: 02-220-7677 or 031-248-224

After registration, each registered competitor will receive detailed information about the competition schedule. More information will be available via email at [varjenje.fs@um.si](mailto:varjenje.fs@um.si).

We kindly ask company managements to allow their welders to participate in this competition and thus demonstrate their respect for the welding profession. Generous practical prizes await the best welders.

Welding experts from companies are also invited to Welding Technology Day, which will take place concurrently on April 15, 2026, also at

Maribor, March 16, 2026

Competition organizers:

DVT Maribor, SKEI Union, Celje Fair d.d., and company Daihen Varstroj d.d.
